Northeast Region ECEDHA Program Attendee:

On October 15, 2005 Rochester Institute of Technology hosted the Northeast ECEDHA Conference in Rochester, New York. You will find attached files of the program including power point slides, wave audio files, photographs, and the agenda of the program in folders labeled as:

- Power Point Slides
- Audio (Wave Files)
- Photographs
- Revised Agenda

The power point slides are labeled as “Session Name SN” where SN denotes Slide program Number. For example, “Engr in 2020 7S” represents the session The Engineer in 2020 Slide session 7. The corresponding audio file for that session is labeled as 7A.wav in the audio folder. Several photographs of the group of attendees are included.

I hope you find these files helpful. Thank you for attending the program.

Sincerely,

Robert J. Bowman, Ph.D.
Professor and Head Electrical Engineering
