Review:
School Rumble is a great anime about a group of idols trying to get with their “true love.”
I really like this anime; it’s funny, it’s a cute story, there’s drama, and there’s adorable little animals that have nothing to do with anything. It’s the classic high school diamante love triangle with hilarious antics tossed in. Everything always goes wrong for these guys in their quest for love that you can’t help hoping it will work out when deep inside you know it won’t and it will be hilarious. Crazy things happen, and yet it is still able to keep up with an actual story line which many series like this can’t. A great watch, I highly recommend it.
