

BLENX UNDER ATTACK

...SOMEONE HACKERED THE SYSTEM.

WELL, IT SEEMS WE'RE DEALING WITH A BIG PROBLEM.

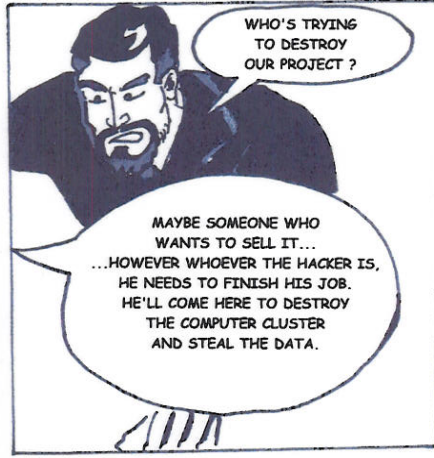

IF I IDENTIFY THE ORIGIN OF THE VIRUS, I CAN TRACK THE HACKER AND SET HIM A TRAP.

I GUESS YOU'RE PLANNING TO LURE THE HACKER HERE TO CoSbi.

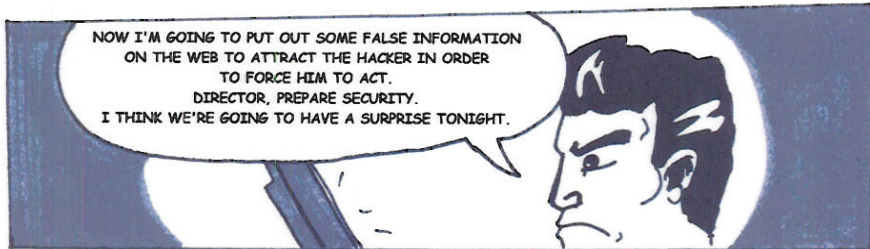

THE HACKER'S AIM IS TO DAMAGE BLENX AND GET HOLD OF ALL THE DATA.

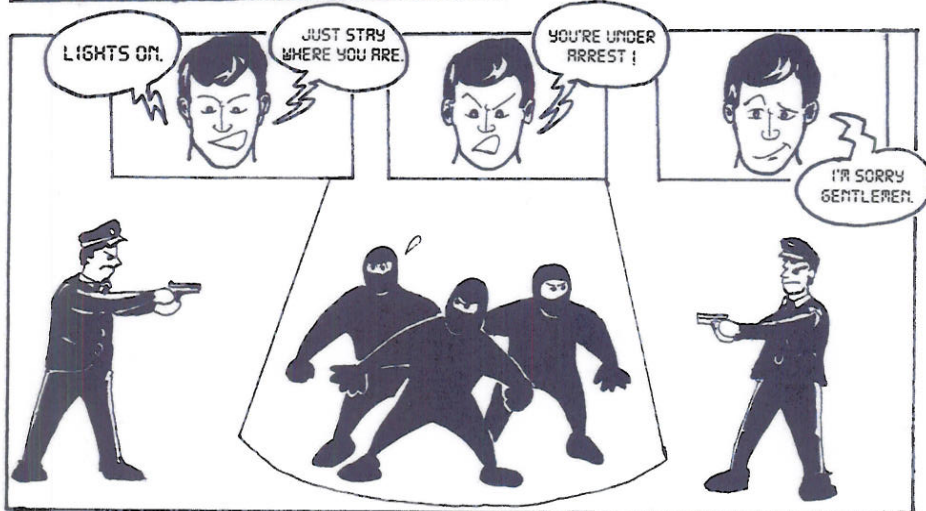

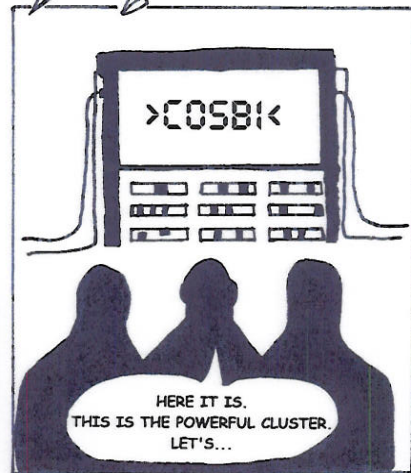

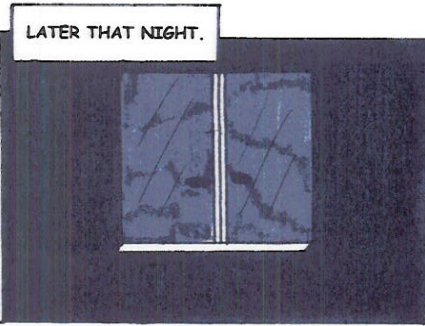

WHO'S TRYING TO DESTROY OUR PROJECT ?

MAYBE SOMEONE WHO WANTS TO SELL IT...
...HOWEVER WHOEVER THE HACKER IS, HE NEEDS TO FINISH HIS JOB. HE'LL COME HERE TO DESTROY THE COMPUTER CLUSTER AND STEAL THE DATA.

NOW I'M GOING TO PUT OUT SOME FALSE INFORMATION ON THE WEB TO ATTRACT THE HACKER IN ORDER TO FORCE HIM TO ACT.
DIRECTOR, PREPARE SECURITY.
I THINK WE'RE GOING TO HAVE A SURPRISE TONIGHT.

THE NEXT DAY.

YOUR PRECIOUS COLLABORATION
HELPED US TO SAVE BLENX
AND OUR WORK.
THANK YOU.

IT WAS A HONOR FOR ME.
THE POLICE FOUND OUT THAT
THE THIEVES BELONGED
TO A CRIMINAL ORGANIZATION,
RESPONSIBLE FOR SEVERAL
COMPUTER CRIMES.

FORTUNATELY
WE STOPPED BLENX FROM FALLING
INTO THE WRONG HANDS.

IT'S A VERY
INTERESTING PROJECT.

NOW BACK TO JOB !
GREAT ACHIEVEMENTS REQUIRE
HARD WORK.

THE END
